Raffle Update:

Just one week left until our Squeakin' Pups 6th Quarterly Raffle drawing. We have earned enough entries to give away TWO of the grand prize Midwest Critter Nation cages! We are still accepting entries until 7/22/2018. The drawing will happen within the week after that (we will be aiming for Tuesday, 7/24/2018.)

Full details on the raffle, and updates, can be found on the event page on Facebook:

<https://www.facebook.com/events/893725080828603/>

Tickets are \$5 each and can be sent to Venmo (@SqueakinPups) or PayPal (SqueakinPups@Outlook.com)

Did You Know...

Rats don't sweat to cool themselves. Their bodies can dilate or constrict blood vessels in the tail to help keep them cool in hot weather. An overheating rat will also produce more saliva in the mouth and secretions from the nose. If your rat's environment is particularly warm, and you notice wetness around the mouth that looks like drooling, especially if there is a lot descending down the chin/chest, it is an urgent matter and you need to get your rat somewhere cool immediately.

Never place an overheating rat immediately into cold water or directly in front of an A/C unit, as it could cause vascular damage, heart attack, or shock. Instead, start with room temperature water, or water that feels neither warm nor cold to the touch. Submerge the rat, supported, with the head and ears above the water. Add a small amount of cool water to the container the rat is in to slowly bring the temperature down. Do not lower the temperature too much, and watch for signs that your rat is becoming more active again.

Remove them from the water and dry thoroughly when it seems active. Repeat if the rat begins to "drool" or appears to be overheating again.

This Week's Deals: For the rest of July, newsletter participants can enjoy 10% off their order in our [Etsy shop!](#) Just use the coupon code LOYAL0418 at checkout.

NOW AVAILABLE: From now until July 18th the babies on the next two pages are available for POTL reservation by Newsletter Participants ONLY. All adoption fees for early POTL reservation are \$50.

Their pictures will be posted to both Facebook and my website after July 18th for general reservation by everyone (fees will also be reduced to non-POTL rates)

If you want to reserve any of the following babies, message the rattery on Facebook (fastest) or e-mail us: SqueakinPups@Outlook.com

These babies CAN be reserved with rats from any of our other litters as well:
